SENIOR CLASS PROPHECY

1948

August 5—Dear Diary, for the next five or six months, I'm going to try to find out about a few '33 graduates of dear old Thomas Jefferson High School. It's very sad that we have all drifted apart, but never mind! I'm going to see how many of them have really made a name for themselves. Here's hoping I can get in touch with most of my old pals.

August 20—Finally, I have found my classmate, Dr. Stuart Crawford, who came back to Richmond. He has finished his course abroad and is located in New York.

Spetember 1—Senator Robert Lathrop returned from Washington today. He has been setting forth his Republican doctrines in Congress for the past four years. He really should have one more nice friendly argument with Miss Henderson.

September 10—Jane Farinholt has just landed in New York from France, where she won first place in the International Swimming Meet. She placed first in the fancy diving, too. Jane has been offered the position of athletic coach at Bryn Mawr. Wonder if she remembers her basketball days at T. J.?

September 12—Guess who called me up today, Diary. Nobody but Mitchell Katz! Beg pardon, he calls himself Dr. Katz now. Mike has been studying in Europe for some time. Wonder if he saw anything of Scotty, our other physician.

September 21—This afternoon I saw in the paper that Rachel Bennett has just had her latest painting placed in the Metropolitan Art Museum. I always did think that Ray would become a famous artist.

October 3—Dear Diary, we arrived on Broadway yesterday. Jim had to come on business, so he brought the kids and me along with him. I'm so excited over the fact that we have tickets to see the play in which Kitty Broyles is starring. Good old Izzy Novey is the comedian. I'll bet Izzy can still make me laugh.

October 4—Today I learned that since Walter Winchell has finally retired, Stuart Hall is his successor. Old Stuart could scoop the news in dear old T. J., and he hasn't changed one bit.

October 5—I've been buying theatre tickets all the morning. I'm so glad that there is no such thing as a depression now. Four other '33 graduates are starring on Broadway this season. Jinx Peyronnet, Peggy Louthan, Virginia Timberlake, and Mildred Briggs have their names in electric lights. I can't wait to see them.

October 20—Diary, I'm back in Richmond again. I must tell you that every one of the plays was fine. T. J. really did produce some actors and actresses. While I was in New York, I saw the two "Dots," Davis and Axel. They are now editors of the New York Times. "Davy" told me that Stuart Ullman is their sports reporter. I've just heard that my old pal, Ed Roper, is editor of the Herald-Tribune and that Martha Cook is also on the editorial staff of that paper.

October 25—I've just heard that Betty Phillips, Ruth Wycoff, and Anne Payne are entered in the International Tennis Tournament. Betty won the National Ama-

teur last year and Anne the National Professional. Ruth won the Wimbleton Tournament two years ago. Here's wishing luck to all three.

November 3—I looked up Francis Tyndall today. He owns Tyndall's Studio in Philadelphia. "Acca" always could take pictures better than anybody else at T. J.

November 10—I saw John Radspinner today. John is just on a visit to his old home, for he is president of the First National Bank in New York City. This big business man used to be our business manager of the *Monticello*.

November 30—Charles Owen called me up today, and what do you think? Charles has just invented some new scientific device. Our own Mr. Owen is one of America's foremost scientists! John Guy is his deadliest rival, although they are just as friendly as they were away back in 1933.

December 3—Bill Ahern is head football coach at Columbia. That reminds me of a few more athletic stars of T. J. Bill Garber is coaching basketball and football at Yale, whereas Charles Kirsh prefers being "home-run king" in the World Series. Herbert Allen has a basketball team at Virginia, while Carroll Toler is coaching football there. Earl Wilcox really had a spectacular football team last year at Army. Spencer Lauterback has a fine team at University of Pittsburgh.

December 20—My old pal, Margaret Mitchell, came back to Richmond today to spend the holidays. "Mitch" is known as Dr. Mitchell at Randolph-Macon now. She isn't merely teaching history, either, but in addition is coaching basketball.

December 26—Tom Pollard has the highest available position at West Point now. Tom always did want a cadet corps at T. J.

January 3—Just heard that our best-looking '33 graduate, Margaret Vass, has become a famous radio artist. Also, Margaret is giving piano recitals frequently. I heard Katherine Williams broadcasting last night. Katherine has just joined the Metropolitan Opera Company.

January 27—Rev. Simon Drinard dropped by today and insisted that I move my membership to his church. At first I couldn't believe it was the same old Jack, but he is really as mischievous as he used to be.

February 5—I saw in yesterday's paper that Col. John Preissner had just completed his round-the-world flight. I also saw in that paper a review of Donald Rubenstein's latest novel.

February 10—Winston Chenery is a very influential politician now. I shouldn't be a bit surprised to hear that he is running for Governor in about four more years. Well, old Winston would certainly get my vote.

February 15—Dear Old Diary, I've come to the conclusion that I'm one of the very few '33 graduates who hasn't become distinguished; therefore, I'm really quite ashamed of myself. I suppose that those classmates whom I was unable to locate have followed my course—that of a very quiet married life. Although being around them would make me feel very insignificant, I should still like to have a big Alumnae Dance at T. J. I think I'll try to arrange to have one next summer. Until then, I'll say farewell to many pleasant reminiscences.

But friendship's voice shall ever find
An echo in that gentle mind
Nor memory lose, nor time impair
The sympathies that tremble there.

—Moore.

After the election of officers, the Junior Class, in high spirits, took up its responsibilities and proceeded to carry out plans for the year's activities. The first noteworthy event was the great basketball meet among home rooms.

Shortly after this, Mrs. Janet Stuart Durham, speaking on Mexico in general and bananas in particular, addressed us at a special class meeting.

The first warm day of spring caught the second classmen shoveling dirt over the roots of a sugar maple tree which was appropriately dedicated to the school.

On a lovely night in May the Juniors "did themselves proud" in the traditional Stunt Night held every year in the school auditorium.

Later on in the month the Jolly 34's vied with one another in consuming hot dogs and marshmallows (no *onions* allowed) on their long anticipated picnic.

After exams were safely over, the year was brought to a close in a dance for the Seniors, held in the school gymnasium.

The Commercial Club, organized during the session of 1930-31, has undergone only a few changes since Evelyn Stone (now assistant to Mr. Shawen) served as president. Among the speakers of 1932-'33 were Mr. Fred W. Thompson, Mrs. J. K. Bowman, Mr. George Robinson, and Mr. J. Malcolm Bridges.

We, the members of the Commercial Club, under the sponsorship of Mrs. Tyler, our much loved guide, bid farewell to the Senior Class of 1933. We hope to meet some of you in the business world.

THE MATHEMATICS CLUB

The Mathematics Club of Thomas Jefferson High School came into being in September, 1932, through the efforts of Miss Wilson.

The new club secured its first members through an appeal to the higher math. students to study the slide rule. A few responded to this challenge to broaden their knowledge along this line of mathematics. They were:

President, Wirt Mallory; Vice-President, Fred Costello; Secretary, Bob Grantham; Members, Berkeley Martin, John Chewning, Roscoe Meadows, Bob Carswell, Irvin Mollen, John Radspinner, and Frank Cervarick.

After meeting weekly for the first term, the club gained a workable knowledge of the slide rule. The term was closed with a banquet at which plans for the continuance of the club during the next term were discussed.

When the new term set in, new members were added and officers elected. These were:

President, Bob Carswell; Vice-President, John Radspinner; Secretary, Bob Grantham; Members, Catherine Carswell, John Chewning, Julis McClure, Ida Tinsley, Berkeley Martin, John Butler, Frances Holtzclaw, Elizabeth Angle, Richard Simmers, and Tommy Bowles.

The work of the club continued as old members taught new ones the fundamental principles which they had learned during the first term. In addition to the study of the slide rule members of the club took a fancy to surveying, due to the efforts of Miss Wilson, the club sponsor, and the inspiration of a talk given by Mr. Parrish, explaining the use of the surveyor's transit. The club continued its work on the transit, involving the use of the slide rule, for the remainder of the term, becoming quite expert along this line.

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time.

—LONGFELLOW.

He drove as yet but two horses and a phaeton, the modest vehicle which stuck in the snow when he was bringing home his bride.

Losses,
That have of late so huddled on his back,
Enough to press a royal merchant down,
And pluck commiseration of his state,
From brassy bosoms, and rough hearts of flint.
